

FAICON Live Pilot Program

Turn Your Event into Intelligent Capital.

FAICON offers the world's first Sovereign AI platform for hybrid events. Beyond simple streaming, we transform your conference into an interactive, searchable knowledge base that tracks engagement and proves Sponsor ROI.

THE PILOT PACKAGES

OPTION A: THE SUMMIT (Single Day)

Perfect for Board Meetings, AGMs, and Expert Workshops.

- **Capacity:** Up to **8 Sessions** (Single Day).
- **AI Setup:** Custom model calibration for your specific event topics.
- **Hybrid Experience:** Dedicated Livestream Player + Interactive Transcript.
- **Price:** **CHF 5,900**

OPTION B: THE CONFERENCE (Multi-Day)

Best Value for large-scale forums and multi-track events.

- **Capacity:** Up to **15 Sessions** (Across 2-3 Days).
 - **AI Setup:** Deep-dive training on complex themes and stakeholder mapping.
 - **Advanced Analytics:** Full Sponsor ROI Report included.
 - **Price:** **CHF 8,900**
-

WHAT IS INCLUDED?

1. AI-POWERED HYBRID PLATFORM

- **Live Player:** We host your livestream by simply plugging into your Zoom / Broadcast.
- **Automated Transcription:** Human-checked transcripts post-session.
- **The "AI Agent":** An interactive chatbot for your attendees. *Example: "What did the CEO say about sustainability during the morning session?"*

2. CUSTOM MODEL TRAINING (The "Intelligence" Layer) We pre-train our Sovereign AI on your specific data before the event starts:

- **Theme Tracking:** We cluster content around your key topics (e.g., "ESG," "Blockchain," "Policy").
- **Sponsor Intelligence:** We track every mention of your sponsors by name and context, giving you concrete data to prove their ROI.
- **Document Injection:** We ingest your PDF reports/agendas so the AI answers questions based on *your* official files.

3. POST-EVENT ANALYTICS

- **Event Analytics:** Speaker Analysis, Agreements, Disagreements.
 - **Knowledge Graph:** A visual map of the most discussed themes.
 - **Executive Summary:** An automated, high-quality summary of every session.
-

TECHNICAL REQUIREMENTS (Client Side)

*To ensure the highest quality and lowest cost for you, FAICON acts as the **Platform & Intelligence Layer**.*

- **Audio/Video:** The Client (or venue AV team) provides a standard **RTMP Feed** and **ISO Audio Channels** (for multilingual support).
 - **Setup:** We require the event agenda and sponsor list 48 hours prior to Go-Live for model training.
-

VALIDITY: This Pilot Pricing is valid for events booked in **Q1 2026**.
